

Sri Sathya Sai College for Women, Bhopal

Report 2019-20

Department of Mathematics

In this session the following activities were conducted by the department

- As the department is a PG department one of the regular feature of the department is the presentation series by the PG students on various topics of mathematics.
- One of the main highlights of the departmental activity every year is the publication of departmental magazine ANANT. This year the edition was based on various mathematical series. This issue of ANANT was designed and prepared by the M.Sc. final year students Ms. Sakshi Mishra, Ms. Anushri Soni and Ms. Pragya Vishwakarma.
- An exhibition cum completion of charts and models on the topic “ The universe’s book is written in Mathematics.”

The department members apart from teaching and learning process are also engaged in upgrading themselves with new innovative methods of teaching as well as with recent trends in field of mathematics. Department member Dr. Jyoti Gupta participated in one week faculty development programme from 26th to 30th Aug 2019 organised by LNCT group of institutions Bhopal. The department members Dr.Smita Nair, Dr. Shalu Saxena and Dr.Jyoti Gupta contributed papers in the national seminar held on “Role of fundamental duties for sustainable development and nation building.”
